DREAMS IN MOTION

• BASIC INFORMATION
Code • 13.025.53

"Dreams in Motion" visualizes movement as an inner experience—fluid, powerful, and elusive. The figure, rendered through expressive black brushstrokes, appears to dance or glide through space, while golden and beige tones emphasize rhythm, passion, and softness. A minimalist background allows the form to take center stage, suggesting strength born from simplicity and clarity of expression.

BOUNDLESS IMAGINATION

• BASIC INFORMATION
Code • 13.025.51

"Boundless Imagination" celebrates creative freedom—the power to shape a world where sky and earth speak the same language, where plants grow from dreams, and the sun may wear three faces.

Every element carries a symbol: the strength of nature, the warmth of life, the solidity of creation, and the boundless potential of imagination.

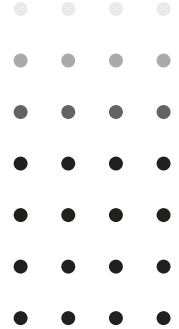

LIGHT WAVES

BASIC INFORMATION •
Code • 13.025.54

The piece explores the boundary between natural landscape and abstract vision. Visually, it evokes a satellite view of a shoreline or a dry desert marked by ancient riverbeds. Flowing lines and blurred transitions create a sense of motion—like waves gently unfolding. The color palette is dominated by whites, beiges, grays, and soft blues, while darker cracks introduce drama and structure.

“Light Waves” is an ideal choice for interiors seeking a calm, yet expressive artistic presence.

TEMPORAL ECHOES

• BASIC INFORMATION
Code • 13.025.50

“Temporal Echoes” captures traces of the past embedded in texture—like an old wall surface painted by the passage of time. Gentle transitions between soft beige and cool grey evoke a sense of space shaped by the decades, quietly layering meaning. The visual simplicity of the composition invites introspection, contemplation, and a connection with the essential. No dramatic colors, no sharp lines—only the delicate atmosphere of existence.

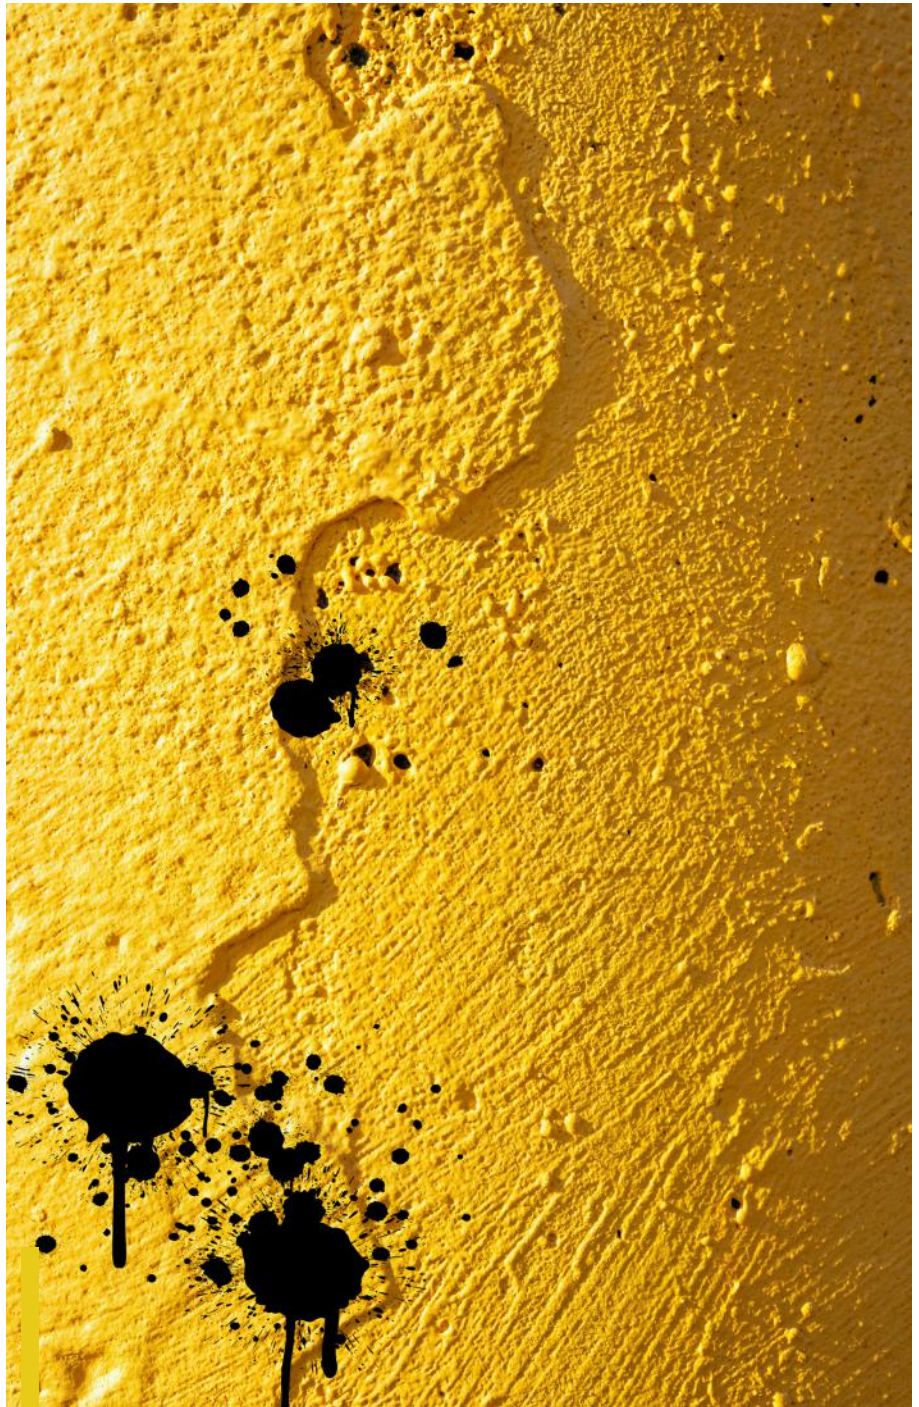

BALANCE OF CONTRASTS

BASIC INFORMATION •
Code • 13.025.61

"Balance of Contrasts" captures a moment of tension between light and darkness, revealing that contrasts are not opposites, but complements.

The textured background evokes a wall bathed in light, while the black forms appear as interventions of thought, emotion, or protest. The composition poses a question: Where does harmony end and chaos begin—and could it be that art is born precisely in that space in between?

ACCELERATION OF DREAMS

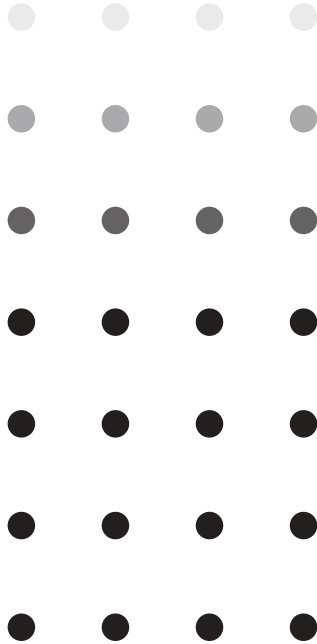

BASIC INFORMATION •

Code • 13.025.60

In "Acceleration of Dreams", artistic elements flow like wind shaping thought. Curved black lines disrupt a soft sandy and white background, while darker forms float like moving clouds of contemplation.

The contrasting shapes and lines seem to follow a trajectory of acceleration—not physical, but mental, internal. This composition evokes a sense of movement toward something immaterial—perhaps a dream, an idea, or a quiet longing.

Within it, form and fluidity converge—precision meets reverie, geometry blends with intuition.

LIGHT RHAPSODY

BASIC INFORMATION •
Code • 13.025.67

"Light Rhapsody" is an explosion of light transformed into organic shapes reminiscent of flower petals or fluid clouds. Golden hues infuse warmth, while the contrast between white and black offers a sophisticated balance between brightness and shadow.

Drips and splashes add rhythm to the piece, creating the impression of a rhapsody in motion. This artwork radiates optimism and refinement—an ideal choice for modern interiors in need of a strong visual focal point.

MAGIC OF THE MOMENT

BASIC INFORMATION •
Code • 13.025.68

"Magic of the Moment" celebrates the elusiveness of the present through raw, spontaneously applied layers of paint. A dark central form is surrounded by vibrant yellow and olive-green splashes that flow and spread in multiple directions, while hints of orange and beige add warmth and contrast.

Each mark carries emotion and impulse, forming a composition that feels like a visual diary of a single, inspiring moment.

MYSTERY OF SHAPES

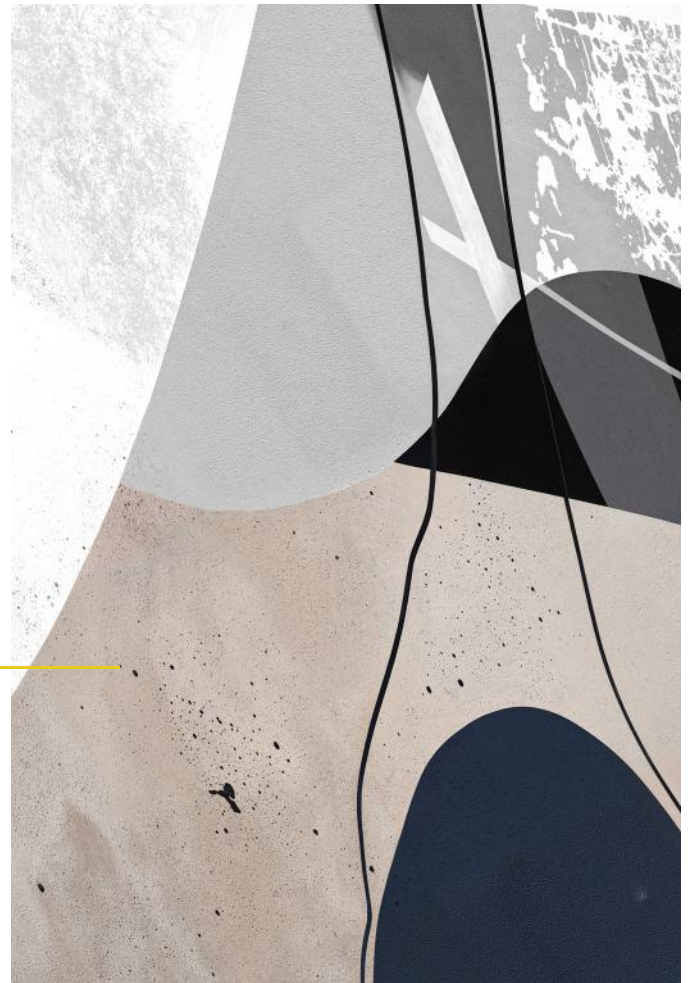

BASIC INFORMATION •

Code • 13.025.69

"Mystery of Shapes" is an abstract composition that employs a subtle palette of beige, gray, black, and blue to explore the space between form and emptiness. Graceful curved lines intertwine with sharp edges of geometric shapes, while textured surfaces add depth and tactility.

The piece investigates the balance between chaos and order, the known and the hidden.

Ideal for minimalist interiors and spaces seeking contemporary sophistication.

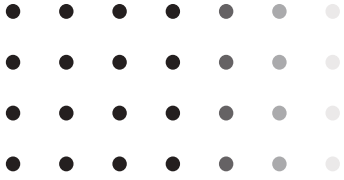

PLAYFUL ENERGY

BASIC INFORMATION •

Code • 13.025.70

In "Playful Energy", elegance meets rhythm through refined abstract shapes that intertwine in harmony. Flowing lines act as conductors of the composition, guiding the eye through a spectrum of textures and contrasts.

The dominant palette of pastel beige, deep navy, and graphite black evokes a sense of calm, while the subtle dynamism of the black lines injects a spark of energy. This composition radiates balance and ease, making it an ideal choice for modern interiors and workspaces seeking a discreet yet striking artistic presence.

FRAGMENTS OF MEMORY

BASIC INFORMATION •
Code • 13.025.48

The artwork "Fragments of Memory" portrays memories as organic shapes—irregular, fluid, yet deeply present. Black forms, reminiscent of symbols, inscriptions, or lingering thoughts, float against a vivid orange background.

The contrast is sharp, decisive, and perfectly balanced—mirroring the relationship between past and present. The composition exudes graphic strength alongside emotional abstraction, inviting the viewer to find meaning within the lines and spaces.

SECRET DIMENSION

BASIC INFORMATION • Code • 13.025.71

"SECRET DIMENSION" is an abstract artwork that guides the viewer into undiscovered spaces between light and darkness. Black droplets and shapes float and spread along diagonal paths, permeated by vibrant orange tones, creating a visual balance between warmth and coolness.

Dynamic brushstrokes and fluid washes evoke a sense of movement and energy, as if revealing a secret universe beneath the surface of reality. This painting sparks imagination and invites an introspective journey through hidden dimensions of the inner and outer world.

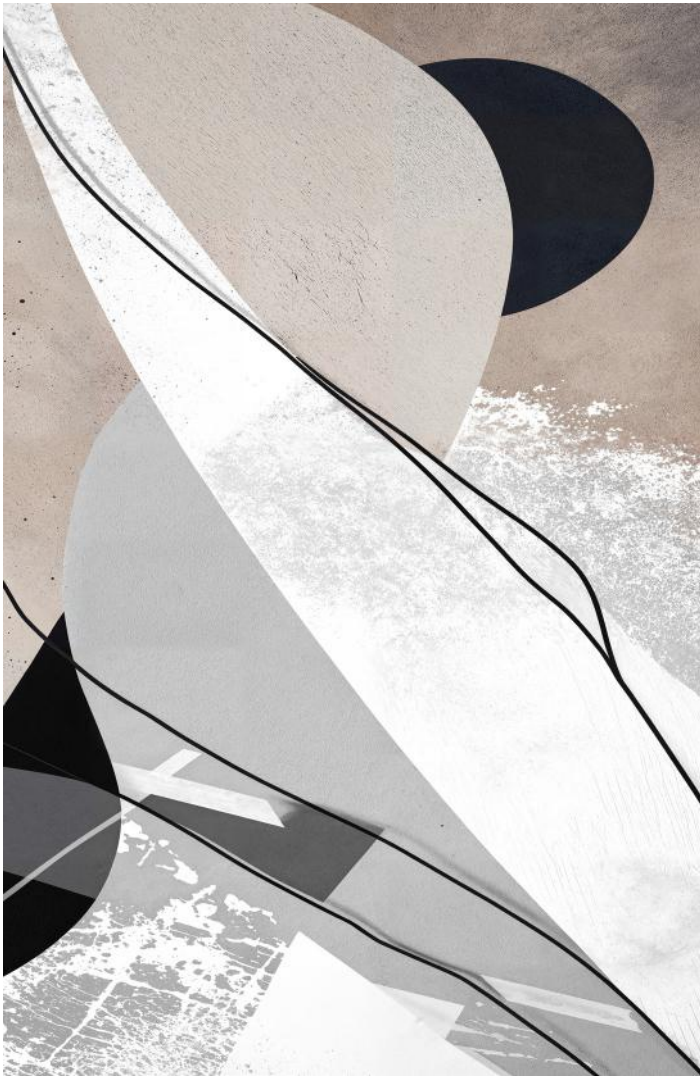

LOST IN TIME

BASIC INFORMATION •
Code • 13.025.55

The artwork "Lost in Time" expresses the fleeting nature of the moment through a network of lines that float and intersect in fluid yet precise gestures. Black, brown, red, and occasional shimmering hues create a visual chaos that is at once harmonious and unsettling.

Like traces of movement through time, the elements of the painting resemble calligraphy in motion. This piece carries a meditative dimension, inviting the viewer to lose themselves in the moment.

CELESTIAL RHYTHM

BASIC INFORMATION •
Code • 13.025.47

This abstract composition exudes subtle movement—as if lines, shadows, and forms are caught in an eternal dance of light. Shades of gray, beige, white, and black create a balance between softness and resolve, while delicate black lines evoke musical notes floating through space.

“Celestial Rhythm” is a meditation on the rhythm of the universe—a quiet yet present energy that unites chaos and order, silent contemplation, and visual dynamism.

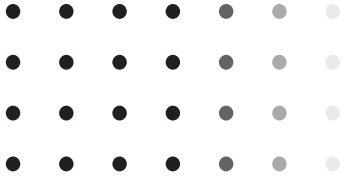

SPECTRUM OF EMOTIONS

BASIC INFORMATION •
Code • 13.025.57

In “Spectrum of Emotions”, the artist employs a black spiral contour ascending vertically, creating a sense of inner flow or process. This path of lines resembles an introspective journey through varying shades of emotion—from confusion to clarity.

15.

The background, rendered in warm beige, brown, and white tones with splashes of color, acts as an emotional landscape marked by vulnerability and reflection. Layer by layer, this abstract composition reveals how emotions, though intangible, leave tangible traces within our being.

WAVE OF ENERGY

BASIC INFORMATION •
Code • 13.025.59

"Wave of Energy" enlivens the space through a composition of bold yellow, beige, and black tones intertwined in structured, wave-like strokes of energy. Geometric forms, in motion and collision, create a sense of inner rhythm—as if the canvas itself pulses.

Each brushstroke carries a charge, while the dark contrasts bring depth and balance. This artwork expresses the intensity of movement and continuous transformation, reminding us that energy is elusive—but always present.

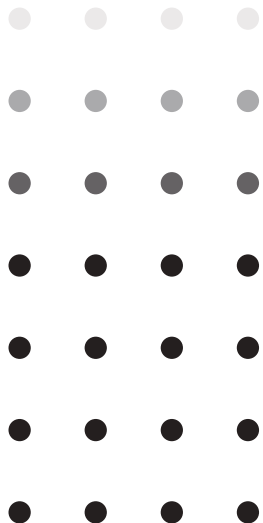

THE SOUND OF SILENCE

BASIC INFORMATION •

SUBTLE ENERGY

BASIC INFORMATION •
Code • 13.025.46

"Subtle Energy" uses a rich, almost sculptural texture of dark masses on a light background to depict the dynamics unfolding beneath the surface. Dense, wave-like lines of black pigment create a sense of organic movement—as if energy is caught in a moment of transformation.

The visual silence of the white background enhances the contrast and emphasizes the power of the form. This painting invites the viewer to feel what is unseen—the subtle vibrations that influence our thoughts, emotions, and intuition.

ECHO OF THE PAST

BASIC INFORMATION •
Code • 13.025.64

"Echo of the Past" is a metaphor for the sound of memory—one that never ceases to resonate. Warm shades of orange and gold intertwine with expressive black shapes and dots, reminiscent of resonance, rhythm, or perhaps the whisper of a long-gone moment.

The composition radiates movement, an inner impulse that breaks the silence—a past energy influencing the present.

DUSK OF EMOTIONS

BASIC INFORMATION •
Code • 13.025.63

"Dusk of Emotions" visually interprets the moment when emotions overflow—powerful yet subtle, like the sunset of an inner world. Abstract forms in shades of orange, gold, and white ripple across the canvas, while black dots and lines create a sense of pulse, a neural network, or internal struggles.

Each element feels spontaneous yet precise—as if emotions have been given their own map and rhythm.

FRICIONLESS FLOW

BASIC INFORMATION •
Code • 13.025.44

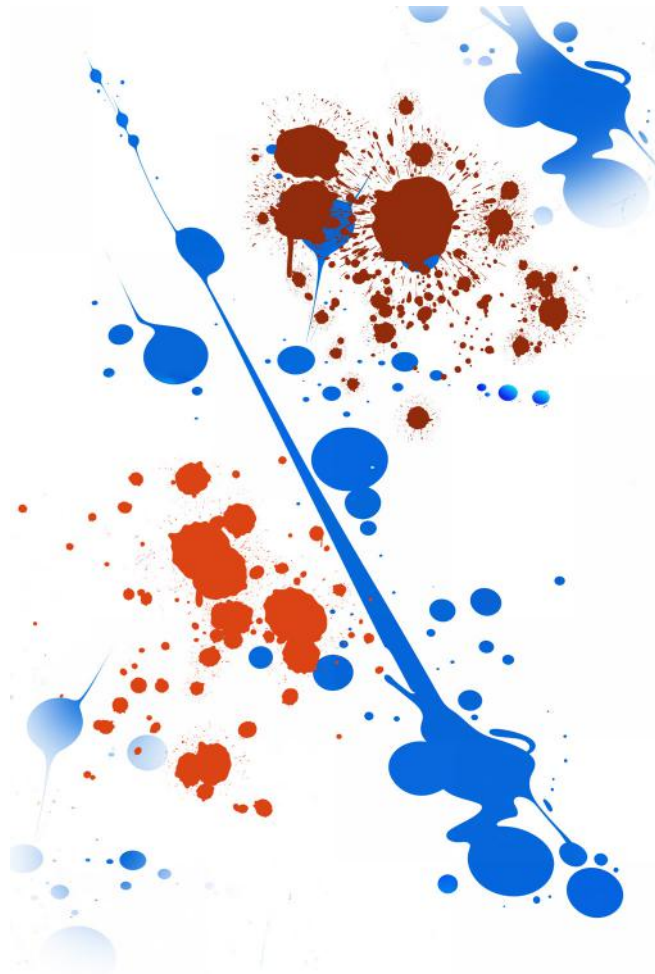

The surface of the artwork feels layered, as if time itself has left its imprint. There are marks, textures, and forms that suggest something old, yet still present.

It carries a sense of history, like a memory preserved in visual form. The image evokes a feeling of nostalgia, as if it holds echoes of a forgotten story.

STORM OF THOUGHTS

BASIC INFORMATION •
Code • 13.025.73

"Storm of Thoughts" evokes states of intense introspection and thought overload. The composition is marked by strong contrasts, swirling shapes and unpredictable flows that suggest the restlessness of the mind.

The visual dynamics of the painting are reminiscent of a storm that unfolds within consciousness, where ideas, doubts and inspirations intertwine in an endless movement. The painting invites the viewer to confront his own thought chaos and find meaning in its complexity.
